

Dear Mr. Sparks,

I hardly know what to say, I am still excited, life is so different now for Cameron and I. Easy would be an understatement. I can't imagine this ever happening. It's been 11 years since I was approached about modified transportation, it is my time now. I am truly appreciative of you and your reliable staff at Ride Away. When questioned about my process in purchasing this vehicle, I couldn't say it enough – I chose the right place at the right time to purchase what I call the second largest investment.
