LO/JACK

How It Works

Easy As 1-2-3- (Busted!)

1. Install LoJack, The LoJack unit is hidden in one of 20+ possible places in the vehicle

2. After a LoJack equipped vehicle is reported stolen, a signal from the police radio towers automatically activates the LoJack unit in the vehicle .

3. The Police vehicle equipped with the LoJack Tracking Computer receives the LoJack signal, identifies the stolen vehicle.

BUSTED!

The Police are led directly to the stolen vehicle.
