

Dear Roger,

It's hard to believe a week has gone by already! I am having SO much fun.

Roger, I don't even have to go anywhere; I just smile all day knowing that I can if I choose to!

Thank you, Roger, for ALL that you did to make this possible. There are no words to convey my gratitude for the long hours you spent making sure the car and its equipment were 100%. I know you went above and beyond the call of duty by calling EMC regarding the play in the wheel, etc.

And I also appreciate your understanding my need to think about things for a couple of days when it was clear it was

going to be more money than we originally planned. You are a complete package of skill, commitment, and empathy. I hope Ride Away knows how lucky they are to have you!

The next time you're frustrated with the way things are going and wondering why you're doing what you're doing, remember it's because when you do get it done and turn it over to the owner, you have once again helped someone live a fuller, happier life, and they in return are probably going to go out in the world and help someone else!

God Bless you and your family,

Julie T
