

# Protect Your Investment!

Secondary to your home, your automobile is one of the biggest investments you make. At Ride-Away, we only sell vehicles that are designed and manufactured to the highest standards, but the parts that make these vehicles up are very complex and are increasingly expensive to repair.

## **Have you considered Extended Service Protection?**

Ride-Away offers service plans that cover your vehicle's chassis and conversion up to 10 model years old. By purchasing an extended service plan today, you protect yourself from having to pay for costly repairs in the future.

Did you know that replacing your ramp motor can cost more than \$1,900? Replacing a door operator will cost nearly \$3,000.

**Our comprehensive plans cover most major repairs on your converted vehicle.**

**Don't let your family get caught without this valuable protection.**

**If you're interested in purchasing one of the Extended Service Protection plans that Ride-Away has to offer and would like a free quote, contact Pamela Decker @ [pdecker@ride-away.com](mailto:pdecker@ride-away.com) or call toll free 1- 800-237-7979.**
